

This form must be filled out completely and submitted prior to work being performed to reserve Program funds for home improvements. Attach copies of bids from each Participating Contractor that will be performing the agreed upon work. To receive a rebate, homeowners must choose a Participating Contractor to install home improvements. Self-installation is allowed for some measures.

Please see reverse side for contact information and required signature.

Homeowner Information

Homeowner name _____ Homeowner address _____
 City _____ State _____ Zip _____
 Phone _____ Email _____

Residence Information

Electric utility provider _____ Gas utility provider _____
 Heating source: Furnace Heat pump Other _____

Other Improvement Work (non-energy improvements)

<input type="checkbox"/> Description _____	Total cost of other improvement work	\$ _____
_____	Total cost of energy improvements	\$ _____
_____	Total cost of complete project	\$ _____

*These measures can be self-installed or purchased at a retail location. If you have not purchased these items yet, please include estimates.

Please note that if your home is 50 years or older, and your improvement projects alter the exterior of your home (windows, doors, venting, etc.), your application may require an historical preservation review before you can make changes to your home. Utah Home Performance will work with you and your contractor to facilitate this process. If your property is located within an historical district, you are also responsible to verify that projects comply with local codes and ordinances.

Homeowner Statement and Signature

The above list of home improvements and pricing have been agreed upon between myself and the contractor/s and I authorize the contractor/s to proceed.

Signature _____ Date _____
